Telugu

## PROFILE

I encounter diverse challenges daily, ranging from optimizing website performance and improving load times to debugging complex issues. My problem-solving skills come into play as I meticulously analyze code and take a systematic approach to finding elegant solutions.

I also believe in the power of creativity to make a website truly stand out. By collaborating with designers and other stakeholders, I ensure that the development process aligns with the project's creative vision while maintaining a strong focus on functionality and user experience.

## WORK EXPERIENCE

### Web Development

TEACHNOOK 2022-2022

- Designed and developed responsive and user-friendly websites for clients from various industries using HTML5, CSS3, and JavaScript.
- Collaborated with a team of designers, content creators, and project managers to deliver high-quality websites that met clients' business objectives and exceeded expectations.
- Implemented custom features and functionalities using JavaScript frameworks such as React and jQuery, enhancing the user experience and optimizing website performance.
- Conducted thorough testing and debugging to ensure cross-browser compatibility and resolve issues, resulting in a 20% decrease in website loading.
